

V-Pure Magnetic Dirt Separator

Code	Dimensions	EAN13
6096980	GZ 1"	5902273564805

Code	Kv (m3/h)	Magnet power (Gs)	The mesh size of the filter mesh (µm)
6096980	5,02	11000	800

Product usage:

Central heating, solar and air-conditioning systems

Type:

Dirt separators

Technical data/Operating parameters:

Max pressure: 0,5 MPa (for 65°C)

Max temperature: 90°C (for 0,4 MPa)

Min temperature: 0°C (for 0,5 MPa)

Guarantee:

25-year

Used materials:

Connection flange, drain valve, magnet cover, vent valve: brass;

body, separator bowl: plastic;

inlay: steel mesh;

sealing gasket for separator bowl: EPDM;

magnet: N40M

Finish:

Connection flange, air vent, drain valve: nickel
